

SPOTTUNE OMNI

WIRELESS OMNIDIRECTIONAL SPEAKER

The Spottune Omni speaker is acoustically designed to radiate sound in all directions whereas a traditional loudspeaker is optimized toward a frontal listening position "Sweet spot listening". The 360° sound radiation is advantageous in environments where the aim is to evenly distribute the sound to give the same listening experience across the room.

TECHNICAL SPECIFICATIONS

Colors	White / Black / Grey
Specifications	Wireless Smart Speaker Digital amplification DSP Bass extension Full-tone closed box system Acoustic 3D design Omni (360°) Sound radiation Powerful 4-inch extended range-driver Plug n' Play
Frequency	Audio frequency range 50-15000Hz
Amplification	~50W digital class D amplifier Max SPL 100dB
Wireless Features	Audio-BroadCasting-Digital - Technology RF-Band 1,8 -1,9 GHz Range up to 50-100m (Condition dependent)
Dimensions	Diameter: 115 mm Height: 200 mm
Weight	1,5 Kg
Power	100 - 240V 50/60Hz
Standby power consumption	1,74W (Limitation 2W)
SKU	O1-T-W / O1-T-B / O1-T-G

SPOTTUNE STREAM

WIRELESS MUSIC STREAMING TRANSMITTER

Spottune STREAM, is the central transmitter in the Spottune system and streams audio from a large variety of inputs, and transmit and broadcast the audio to all the speakers.

TECHNICAL SPECIFICATIONS

Colors	Black
Specifications	Output to 1 or 2 music Zones
Wireless Features	Audio-BroadCasting-Digital - Technology RF band 1,8 - 1,9 GHz Range up to 50-100m (Condition dependent) Optional daisy chain Spottune Stream
Input	Ethernet Ports for multiple streaming services Spottune Enterprise Cloud controlled input Mini jack, AUX IN - (Stereo line input) Mini jack, MIC IN - (Prioritized external MIC / PA stereo line input) USB 2.0 type A
Supported formats	zip, .ogg, .mp3, .flac, .mp4, .m4a, .wma, .wav, .ra, .rm, .m4b, .aif, .aiff, .aifc, .dsf Spottune Enterprise Cloud music streaming* *USB buffer for a secure music streaming Spotify connect
Power (Adapter)	100 - 220V 50/60Hz, 5V DC 2A
Dimensions	Height: 45 mm Width: 215 mm Length: 168 mm
Weight	0,6 kg
SKU	S1-F-B

SPOTTUNE SUB

WIRELESS SUBWOOFER

Spottune SUB is a wireless subwoofer, designed to be set up in minutes and used in combination Spottune Omni speakers, and addition to your spottune system. The Subwoofer can be placed on the floor, wall or ceiling mounted, and is wirelessly connected to Spottune stream.

TECHNICAL SPECIFICATIONS

Colors	White / Black / Grey
Specifications	Wireless Smart Subwoofer 200 Watt high efficiency digital Class-D power amplification 10 Inch (250 mm) long stroke driver with extended linear excursion. Closed box design for optimum performance and extended low-frequency performance.
Frequency	Audio frequency range 20-200Hz Cutoff variable low pass digital filters: 60, 80, 100, 120, 160 and 200Hz
Amplification	~200W class D amplifier Max SPL 100dB
Wireless Features	Audio-BroadCasting-Digital - Technology RF-Band 1,8 -1,9 GHz Range up to 50-100m (Condition dependent)
Controls	Wireless input Volume, Zone 1 & 2 AUX input
Dimensions	Height: 200 mm Width: 360 mm Length: 540 mm
Weight	12 Kg
Power	100 - 240V 50/60Hz
Standby power consumption	1,4 W
SKU	W1 - F - B, W1 - F - G, W1 - F - W
